

# SHADE SAILS

RESIDENTIAL AND COMMERCIAL

Shade sails are an economical and effective way to cool a large area; over a deck, spa pool or just provide protection over windows and doors.

# MAXIMUM SUN PROTECTION, STRENGTH AND DURABILITY

## MAXIMUM SHADE

Shade mesh has high levels of UPF/UVR/shade to protect you from harmful UV rays.

## PROTECTION

Shade mesh meets UPF/UVR/shade levels required to use in educational facilities, kindergartens & preschools.

## KEY FEATURES AND BENEFITS

- Knitted lock-stitch construction for fray and tear resistance, offers more air movement and better channeling of cool breezes
- UV-stabilised HDPE monofilament and tape yarn provides optimal balance between strength and UV block, with easy fabrication and minimal maintenance
- Strong HDPE won't rot or absorb moisture
- Stentered (heat set) virtually eliminates any possibility of shrinking once installed and provides ease of fabrication
- 10 year UV degradation warranty on fabric
- 100% lead and phthalate free for a healthier environment
- Greenguard® and Oeko-Tex® certified provides confidence in operational quality assurance
- Engineered in Australia for the harshest conditions
- 100% recyclable

## FIXINGS

Perimeter cable and fixings stainless steel.

## POLES

Galvanised steel powder coated.

## MAINTENANCE

Should your Shade Sail become dirty we recommend avoiding using any chemicals that may attack the UV stabilisers within the Shade Mesh. Please use standard household dish washing detergent and a low-pressure water hose applied with a sponge or very soft brush. Always store dry.

*No fabric is cut until our poles are installed and the sail measurements checked to ensure 100% accuracy in fit and tolerance.*
